

COMO

- ✓ Table top of 25 mm
- ✓ Waterproof- & repellent
- ✓ Handmade

Designed with a keen eye for fluidity, this collection showcases graceful lines and embraces the beauty of organic, rounded forms.

Crafted from a unique blend of lime and concrete, each item is meticulously hand-applied with a spatula, resulting in a distinctive texture that marries the ruggedness of concrete with the smoothness of silk. The material not only exudes a luxurious and silky texture but also boasts exceptional water repellency and waterproof properties, ensuring durability against all weather conditions.

FRAME

Eps finished with a mixture of chalk and concrete applied by hand and spatula.

PROTECTION

PROTECTION COVER

We always suggest storing your furniture in a dry place when not in use or using a protection cover to avoid any blurring or damage.

Always make sure that furniture, cushions and covers are completely dry before covering furniture.

MAINTENANCE

MAINTENANCE MINERAL STONE

Clean using a damp cloth to gently scrub while cleaning. Avoid using any sharp tools to prevent scratches. Like all natural materials, mineral stone is susceptible to staining. Clean spills immediately to prevent permanent marks.

We recommend the use of coasters for boiling hot cooking material and for drinks to minimize the risk of staining. Additionally, avoid leaving flower pots or any items that could trap moisture for extended periods.
